Weill Cornell Medicine
James Buchanan Brady Foundation
Presents
Thirty Eighth Annual Victor F. Marshall Visiting Professorship

Peter T. Scardino, M.D.
David H. Koch Chair
Head of the Prostate Cancer Program
Memorial Sloan Kettering Cancer Center

October 13 – 14, 2017
STATEMENT OF NEED

This Educational activity is needed because of the widespread frequency of detection of prostate and other cancers and the requirement for urologists to be facile with all modalities for the detection and management of such patients. The role of screening for prostate cancer has been questioned and urologists remain the primary specialists with knowledge of the importance of this intervention. Management options for prostate and other urologic tumors have rapidly evolved with increased consideration of surveillance, watchful waiting, ablative treatments as well as surgical and multimodal therapies, creating a knowledge gap for practicing urologists. The lectures and discussions in this activity will fulfill these educational needs.

TARGET AUDIENCE

Past and current faculty and residents of the Brady Department of Urology, as well as urologists practicing in the New York Metropolitan area.

COURSE GOALS & OBJECTIVES

At the conclusion of this program, all participants should be able to:

- Identify the goals of active surveillance for prostate cancer
- Provide the rational for surgical treatment of high risk prostate cancer
- Provide better patient counseling regarding active surveillance

Weill Cornell Medicine gratefully acknowledges funding provided in part by:

The Frederick J. and Theresa Dow Wallace Fund
New York Community Trust
Program for the

Thirty Eighth Annual Victor F. Marshall Visiting Professorship

Note: All lectures and presentations will be held at Weill Cornell Medicine

1300 York Avenue, 9th Floor, Room A-950

Friday, October 13, 2017

9:00 – 11:00  Case Presentations/Discussions by Chief Residents:
Joshua Halpern, MD, Sameer Mittal, MD
Jonathan Shoag, MD
Comments by Dr. Scardino

11:00 – 12:00  Lecture – Dr. Scardino
Should We Screen for Prostate Cancer?

12:30 – 1:30  Lunch – On your own

2:00 – 3:30  Comments by Dr. Scardino

4:00 – 6:00  Residents Rounds with Dr. Scardino

Evening  Resident Dinner with Dr. Scardino
Alumni free for dinner on their own

Saturday, October 14, 2017

9:00 – 11:00  Case Presentations/Discussions by Chief Residents:
Joshua Halpern, MD, Sameer Mittal, MD
Jonathan Shoag, MD
Comments by Dr. Scardino

11:00 – 12:00  Lecture – Dr. Scardino
Surgery for High-Risk Prostate Cancer

12:15 – 2:00  Luncheon Meeting, Griffis Faculty Club

Free Afternoon
7:00 - Evening  Banquet, Cocktails, Dancing at
The Union Club
Peter T. Scardino, MD
Attending, Urology Service
David H. Koch Chair
Memorial Sloan Kettering Cancer Center
New York, NY

Peter T. Scardino is internationally recognized as an expert in the early detection and surgical treatment of prostate cancer. His research focuses on the early detection, natural history, and treatment of clinically localized prostate cancer, and his group pioneered the development and application of nomograms in genitourinary oncology. Formerly the Chair of the Department of Surgery, Dr. Scardino is an Attending on the Urology Service at Memorial Sloan Kettering Cancer Center, the inaugural incumbent of the David H. Koch Chair, Head of the Prostate Cancer Program, and a Member of the Molecular Pharmacology and Chemistry Program at the Sloan Kettering Institute. He is also a Professor of Urology at Weill Medical College of Cornell University and at SUNY Downstate Medical School.

Dr. Scardino is the author of more than 600 peer-reviewed publications on prostate cancer, as well as a book for the public, Dr. Peter Scardino’s Prostate Book. He was one of the principal editors of four editions of the Comprehensive Textbook of Genitourinary Oncology, he was the founding Editor-in-Chief of Nature Reviews Urology and has remained a member of the advisory board, and he is Associate Editor of the Annual Review of Medicine. Dr. Scardino has served as Chair of the NCCN Guidelines Committee on the Treatment of Prostate Cancer and as Co-chair of the National Cancer Institute Progress Review Group on Prostate Cancer. He is also a member of the American Association of Genitourinary Surgeons and the National Academy of Medicine.
FACULTY DISCLOSURE

It is the policy of Weill Cornell Medical College to adhere to ACCME Criteria, Policies, and Standards for Commercial Support and content validation in order to ensure fair balance, independence, objectivity, and scientific rigor in all its sponsored activities. All speakers, Course Directors, Co-Course Directors, planners, reviewers, and staff members participating in sponsored activities are expected to disclose relevant financial relationships pertaining to their contribution to the activity. Relationship information is analyzed to determine whether conflicts of interest exist. All conflicts of interest are resolved prior to participation in the planning or implementation of this activity. Presenters and authors are also expected to disclose any discussion of (1) off-label or investigational uses of FDA approved commercial products or devices or (2) products or devices not yet approved in the United States.

ACCREDITATION

Weill Cornell Medical College is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Weill Cornell Medical College designates this live activity for a maximum of 9.5 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Notes

1. Refreshments will be available for each morning session
2. Friday’s lunch can be obtained at the hospital cafeteria or neighborhood restaurants.
3. The Banquet will be held at The Union Club, 101 East 69th Street, NY, NY 10021
   Black Tie, and spouses are invited to this festivity.

Generously supported by the Faculty, Alumni and The Frederick J. and Theresa Dow Wallace Fund New York Community Trust
VICTOR F. MARSHALL VISITING PROFESSORSHIP

The visiting professorship was established by the faculty and past residents of the Weill Cornell Medicine – The New York Presbyterian Hospital, Department of Urology, to honor our distinguished colleague and leader Dr. Victor F. Marshall.

Dr. Victor Marshall came to The New York Hospital – Cornell University Medical College from Culpepper, Virginia by way of Washington and Lee University and the University of Virginia Medical School. Dr. Marshall completed his surgical and urologic training at The New York Hospital and in 1946 joined its urologic staff. In 1948, Dr. Marshall became Surgeon-in-Chief of (Urology) at The New York Hospital, a position he held until 1976. He developed the residency into one of the truly outstanding urologic training programs in the work. Its graduates, “his boys”, have gone out to fill many academic chairs in national and international urology, as well as to render superb urologic care to their communities.

Dr. Marshall was a prolific author with more than two hundred publications to his credit. In addition to this, Dr. Marshall was an active member of many urologic societies including the American Board of Urology, which he was President. He received the Ramon Guiteras Medal of the American Urologic Association, the Barringer Medal of the American Association of Genito-Urinary Surgeons and the Valentine Award of the New York Academy of Medicine.

We honor Dr. Marshall by joining together our distinguished visiting professor, the past and current faculty and residents of the Department of Urology to demonstrate and discuss surgical and diagnostic techniques in a collegial atmosphere.
